**Product Spotlight: DiamondBack X Tonneau Covers**  
By Allyson Harwood

DiamondBack released DiamondBack-X, a new version of its HD and SE tonneaus now treated with Line-X Xtra, a spray-on color composite urethane coating that contains Kevlar. Line-X Xtra permanently bonds to the cover, protecting against extreme heat, cold, moisture, abrasion, rust, and most chemicals including chlorine, fuel, paints, solvents, and fertilizers.

For more information, visit [www.diamondbackcovers.com](http://www.diamondbackcovers.com), or call 800/935-4002.
